LAPATEITE AND THE INDIANS MAY PLAY HERE.

The New York Cinb Anxious to Arrange, the Game for Nov. 14 or Thanksgiving.

Day-Pennsylvania Defeats Brown by a Small Score-Other Games and Gossip. The proposed game between Lafayette Col-

by The Sun is the sole topic among local foot-ball enthusiasis, and if the contest should be arranged the general public will take as much, If not more interest in the game than in the annual Vale-Princeton battle. When plans were made for the present season and candidates selected for the different college teams neither Lafayette nor the Indians were considered aspirants for championship honors, but the

pose of arranging games at Manhattan Field. At the time we did not expect that either Lafayette or the Indians would be so much in demand and made no more effort to secure them than any of the other teams. Now that the teams have arranged their schedules, we may find it difficult to bring them here. I will say this much, however, that if the two teams do not play it will not be the fault of the New York Basebail Club, for we will do everything in reason to make both colleges felt satished, and at the same time will not relax our efforts to arrange other big games. Manhattan Field can be secured for either Nov. 14 or Thanksgiving Day, should Lafayette and the Indians care to play. I believe such a game would draw fully 25,000 persons on Thanksgiving Day. the other teams. Now that the teams have ar-

There seems to be some dispute as to where There seems to be some dispute as to where the Carlisic Indians will play on Saturday. On Harvard's official schedule, which was issued several weeks ago, the red men are down to play in Cambridge. The University of Fennsylvania, however, claims that the Indians are scheduled to play in Finliadelphia, although according to a printed list of games issued some time ago in Quakertown. Lehigh is slated to play a second game there. The Harvard management is making extensive preparations for the game in Cambridge, and a large number of seats has already been sold. In Boston the betting is based upon the probable score, and the entiusiasts are in hopes that Harvard will do better than Yale. One thing that is creating a better than Yale. One thing that is creating a feeling of satisfaction is the selection of impar-tial officials to have charge of the play. The Indians will surely receive a fair, square deal, and if they should win they would receive full credit for it.

A man who has just returned from Cambridge gave the following facts to The Sun yesterday: "The Harvard line is very weak at both tackies and at left guard. Bouve, who is filling the latter place, is a promising man, but is inexperienced and very slow. The coaches have worked steadily with him, but he does not improve rapidly. The Shaws are playing a strong defensive game, but that lets them out. Cabot at left end is not in form, but Moulton at right end appears to be a coming star. Brown is the best punter and drop kicker in the college, but he has had a rather hard time to make the team. Sullivan and Dunlop will probably play half back in the Princeton game, although Wrighithgton may begin to play in one of their places. Beale, the quarter back, is fast and has shown a vast improvement over last year's work. The team has very few tricks, but has been experimenting with Pennsylvania's 'gnards back interference' with only fair success."

PRINCETON PLAYS A POOR TRIAL.

Scrubs Hold the 'Varsity Men Nearly Even-Faculty Debars Conditioned Men, PRINCETON, Oct. 28.-Both balves of the Princeton football practice this afternoon were secret. Before the regular game the varsity and scrubs lined up to practise blocking kicks. The 'varsity line appeared unable to hold, and the scrubs' guard frequently went through and stopped Baird's punts.

It was learned that the 'varsity played a very

poor game against the scrubs. A thirty-minute game was played, during which the 'varsity scored only once. The 'varsity backs fumbled badly all through the game, and the general play was without dash and spirit. Edwards was located at right guard, but made a poor show ing, and was no match for Holt. Crowdis's playing at left guard was a big improvement

playing at left guard was a big improvement over Tyle; a work.

N. Poe was out on the field to-day for a short time. His ankle is still too weak to allow of any playing as yet. The faculty to-day announced to all the football candidates that no player who is conditioned in any subject whatever will be allowed to take part in a champion-ship game. The enforcement of this rule may seriously affect the Princeton line-up in the game against Harvard. seriously affect the Pr

PENNSYLVANIA, 16; BROWN, 0.

PRILADELERITA, Oct. 28. Pennsylvania defeated Brown this afternoon 16 to 0. The active New Englanders opened up with a rush, and for a time it looked as if they would carry the ball over for a touchdown by the rapidity and spirit of their play. They carried the pisskin inside Pennsylvania's 15-yard line by sharp running and fumbling behind the Quaker line. Twice Pennsylvania had kicks hocked on their 20-yard line, and once Morice made a fluck kick. Brown got as far as the Quakers 15-yard line, but here stomed and the tide turned. For the first ten minutes the Quakers 15-yard line, but here stomed and only put up a half-hearted defence to browns rish.

With the ball on their 15-yard line, and the encouraging shouts of 1,500 of their fellow students ringing in their cars. Pennsylvania braced up, and from that moment Brown was sever in the game. Fine runs by Gelbert, Morice, and Mindes around the ends, and line bucking by Wharton and Farrar, carried the active to the trough left tackle for a touchdown. Woodruff kicked the goal, and in more scoring resulted in this half.

In the second half Pennsylvania had Brown on the defence the entire time. Morice, by a defeated the care the entire time.

in this haif.

In the second haif Pennsylvania had Brown on the defence the entire time. Morice, by a run of thirty yards around Brown's right eight scored a touchdown, and Farrar plunged through the right side of the line for fifteen yards for another. On one of the touchdowns only was a goal kicked. For Brown, Wheeler played a fine game at guard, and Guitz, Gammen, Colby, and Hall did good work in the back fielding, barring their weakness at catching punts. Lafayette nor tie Indians were considered spirants for championship honors, but the two teams have shown up so well that the "blg foar" will have to look to their laurels in order to convince the public that they are at the top in the football world. The excellent showing of the red men and Lafayette, although a great surprise, has aroused more than the usual amount of interest. Numerous persons who hardly glanced at the scores previously are now watching the daily reports of the various elevens, and especially those of the two teams which have suddenly elevated themselves.

A reporter of The Sin tried in vain to locate President Freedman of the New York Hasseball Club vesterday in order to learn what inducements he would offer to bring the teams together at Manhattan Field. Mr. Freedman, who is usually at the office of the New York Hasseball Club vesterday, made ashort call they have rejectedly morning, and, according to Secretary Bonnell, would not be back arain until to-morrow. While Mr. Freedman may not be on a hunt to arrange the game, it was learned from another source that arrangements for the contest may be completed within a few days, in which case it was more than likely that Mr. Freedman has taken the trouble to leave town for a day or two, probably to bring the matter to a climax. In answer to the reporter's query Ercetary Bonnell said:

Game was plentiful pesterday, and as a result the beagle field trials at Hempstead, L. L. were

which as yet had not been tried. To every one's surprise the Heliman farm proved a fruitui field, for rabbits were plentiful, and seme good sport ensued. The dogs had not been down long when a rabbit was started, but owing to the heavy dew the dogs soon lost the trail. Nell R., however, quickly picked it up again, and some good driving by both dogs followed. Lucy S. did some good trailing and exceptionally fine driving, and when the dogs were picked up shortly before 0 o'clock she had a little the better of the neat.

The judges, Bradford S. Turpin and Charles Quynn, now spotted out the poorer dogs and selected flucy S. Blanche, Nell R. Lewis, and Pilot to run in the second series. At 9 o'clock Lewis, owned by J. O. Frost of Mt. Vernon, Vt., and Blanche of the Rockland Beagle Kennel, owned by H. L. Kreuder of Nanuet, N. Y., were put down. Blanche proved the faster dog and more lively worker. Both did well, but Blanche had decidedly the better of a short heat, for they were only worked lifteen minutes.

Then Phot, owned by Bottinger Dorsey of New Market, Ma. and Liney S., owned by D. F. Summers of Thorndale, Pa, started in to work. This proved one of the best heats of the day, as the rabbits were releatiful and both dogs proved rapid workers. Phot was the keeper on the trail, but Lucy S. did the better work during the carlier pertion of the heat. Phot soon warmed up to his work, and was remarkably true in driving, his work reminding the experts of Lee II. a previous champton. It was a long heat, the dogs being down an four and a quarrer, and at the end Phot had done considerably the better all-round work.

At 111:15 Blanche and Nell R, were put down for a scenariot test, and in a short heat Nell R, again showed her superiority. At the conclusion of this heat the judges placed the dogs as follows: more livery worker. Both did well, but Blanche

against time, amateur record 1:47 1-5, by Amos B. Hugnes Lenver, Co., June 19, 1800.

John P. Haines, the Presention of Cruelty to Animals, has prepared a letter, which has been mailed to all the bleyele clubs in this State, calling the attention of wheelmen to section 600 of the Fenal Code of the State:

"A person who wilfully inrows, drops, or places, or causes to be thrown, dropped, or places, or causes to be thrown, dropped, or placed upon any road, highway, street, or public place any glass, nails, pieces of metal, or other substance which might wound, disable, or injure any animal is guilty of a misdemeanor."

He adds that this section now makes it possible to the violators either the sum of Sabo or impose a term of one year imprisonment in the penitentiary, or both. The society seeks to secure the codperation of the wheelmen throughout the State in the suppression of attempts to injure animals as well as bleyeles. Fresident Haines says:

"The original purpose of the law was to protect animals from wanton or needless injury, and more narticularly horses, which traverse the public roads and streets by the hundreds of thousands, and are exposed not only to needless suffering but also to a trightful death from lock-jaw by the practices which this law is intended to suppress. It is evident that the throwing upon public places of any substances which might wound or disable an animal, may result in injury to the pneumatic tires now in universal use as a necessary rart of the bleyele; but versal use as a necessary rart of the bleyele; but versal use as a necessary rart of the bleyele; but

might wound or disable an animal, may result in injury to the pneumatic tires now in universal uses as a necessary rart of the bleycle; but I would call your attention to the fact that, under the general law, there is no adequate or certain remedy for injury to the owner of a wheel which may be injured in that way, since it is always necessary for the injured party to prove that the injurious article or substance was placed upon the road or street with manicious intent to injure property, while the court may go so far as to require proof of an intent to injure the particular which has been damaged. The result of this difficulty is that many wheelmen submit in silence to a malicious wrong which interferes with their plessure and injures their property rather than undertake the trouble and expense of doubtful prosecution."

NASHVILLE, Oct. 28.—John S. Johnson to-day lowered the quarter mile record to 20 25-5 seconds, made by Randall at Coronado. He also lowered the half-mile previous record of 22 3-5 seconds, made by Randall at Coronado. He also lowered the half-mile record to 47 seconds, cutting the mark of 47 4-5 seconds by Kiser, also made at Coronado. In the latter ride, through an error Johnson went 100 feet over the distance, the correct time being equal to 45 2-5 seconds. A sextiplet and two "quads" did the pacemaking. Hardly a breath of air was surring. The Waller, lowered the half-mile unpaced "quadt" record to 49 4-5 seconds, breaking the feasternd mark set up by the Grace team of landon.

A meeting of wheelmen, members of the leading clubs in this city, was held last night at the Hotel Bartholdi to discuss the question of the reorganization of the Metropolitan Association of Cycling Clubs. P. Anthony Brock, President of the latter absociation, presided, Representatives were present from twenty clubs. Prominent members of the Metropolitan Association made addresses and said that the clubs of the city, through the indifferent interest manifested in the association, were causing a general decline in Interest in all movements calculated to benefit bicycle riders. It was the manimous opinion of the meeting that a committee should take up the question of interesting all the clubs in this city in the Metropolitan Association, and that one big organization, embracing in membership all the clubs, he formed. When this condition of affairs is reached, which it is expected will be in few weeks, steps for the reorganization of the association will be taken. It is then proposed to consolidate the interests of the Metropolitan, Long Island, and New Jersey associations of cycling clubs. Among the prominent wheelmen at the meeting were A. P. Brock, M. BRIDGEPORT, Oct. 28.-Manager James H. O'Rourke sai Illiis morning that the fight which virtually destroyed the Naugatuck Valley Baseball League at the annual meeting in Shelton yesterday would eventually be the means of forming a State league for next season. President forming a State league for next season, I resident Wardell of the New Haven Club was in this city this morning to discuss the project with O'llourke. He said President Porter of the Shelion team would doubtless join with them. Meriden has airrait applied for a franchise, and Waterbury may also be admitted. Manager O'llourke said the election of the sixth club would be decided later. It was the intention of the League directors to drap Torrington and Winsted anyway, because they are so far from the other towns in the League. Yesterday's light, O'llourke says, only simplified matters,

JOHN R. GENTRY'S FAST MILE.

With All Conditions Against Him He Gets Within Three Seconds of the Record, PHILADELPHIA, Oct. 28.-At Belmont Driving Park, this afternoon, John R. Gentry, the fastest harness horse in the world, paced a mile in 2:03%. In view of the adverse atmospheric conditions, a steady wind blowing down the stretch, and a "holding" track, and the fact that Belmont's course is naturally from three to four seconds slower than that on which Gentry made his mark of 2:0014, his performance today is regarded by many of the ablest horsemen as the most wonderful of his meteoric career. Previous to his great effort Gentry stepped three warming-up heats. It was 4:35 before he came out to make his real test against the watch. A stiff easierly wind prevailed, and the sun was hidden behind a sullen bank of clouds. The air was heavy and oppressive, and the track

had just some of its elasticity. As the great pacer went by the stand he was cheered by the

4,000 spectators. After scoring twice Andrews

nodded for the word, and away went Gentry to make a new mark for the Philadelphia light nodded for the word, and away went Gentry to make a new mark for the Philadelphia light harness turf.

Without a break or a skip he reached the quarter in USD4, it was evident to every one that Gentry was showing a burst of speed faster than any ever before witnessed in this city, and when the judges announced that he had reached the half in one minute flat a mighty cheer went up from the crowd. The incline at the three-quarters stretch told on Genty, thirty-two seconds being occupied in going from the half to the three-quarters pole, the slowest quarter of the four. As the great pacer swung into the stretch the cheering began, increasing in volume as he neared the wire. Down he came with the precision of clockwork, going under the wire in 2:0314, 24 seconds better than Robert J.'s time made at Point Breeze in '94. After the exhibition Driver Andrews was presented by Councilman R. Cortland Horr of Philadelphia, on behalf of Gentry's owner, with a handsome Geneva chronometer and diamond stud. The summary:

MEDFORD, Oct. 28.-To-day has been a great one at Combination Park. Guinette made a new record, and Joe Patchen beat his record over this track of 2:05%, going the quarter in 3014, the half in 1:0114, the three-quarters in 1:3214, and the mile in 2:0414. The free-for-all race, unfinished last night, was easily taken by Guinette, who beat his time of yesterday, going the mile in 2:00. The 2:25 class, pacing, which was undecided last night, was fixed to-day, the judges declaring the last heat of yesterday a dead heat. Favor and Willie Hobbs went at it for blood, but the former had the speed and won. Summary:

LITTLE MEN

as soon as they are in trousers want to dress just as their fathers dress. We help them do it, for our Children's Suits are just as mannish as possible, often being made of the same cloths as we use in men's and boys' garments.

Of course we have the pretty childish things too, for very small boys, just as we have the sedate Frock Suits for the elderly gentleman. And whether stout or slight, we have the several necessary shapes in every size for every

News of the Turf World.

Judging from the present indications, the Pimilto Driving Club will have a very successful meeting. If success does not attend their efforts it will not be through a lack of horses The final races offered for hunt clubs have stirred up a great amount of interest in Baltimore, and there is a promise of liberal support. Superintendent Ruckett has had so many applications for stable room that he fears that it will be necessary for some of the horses to stable at the Arlington track, which is only half a mile

the Arlington track, which is only haif a mile away.

Among the owners who have signified their intention of taking part in the meeting are A. H. & D. H. Morris, J. E. Seagram, Wyndham Waiden, J. McLaughlin, Jack Joyner, Dave Gideon, Sensation Stable, Orlando Jones, Kensico Stable, Jere Duan, "Lucky" Baldwin, Erie Stable, Jere Duan, "Lucky" Baldwin, Erie Stable, Jere Burlew, W. Stears, M. F. Dwyer, C. Littleffeld, Jr., Wolf Hill Stable, C. E. Parker, W. C. Daiy, M. Claney, W. Lakeland, and many others, All of the best riders and the prominent layers will also take part in the meeting.

John F. Driscoll of Parkville has a yearling thoroughbred which must be classed among the flyers of her age. This is the filly by Sensation out of The Abbess. Yesterday morning this youngster stepped a quarter over the Gravesend track, with 130 pounds up, in 2414 seconds. This is remarkably good work.
